1. COS/C files contain no identifiable traces on Subject, fnu NADOLSKI, or the brother NADOLNY. An FDIS intercept of PAP Warsaw dated 21 April 1956 states the following about a Holmut STRYCZEK, probably identical with the fnu STRYCZEK of reference:

"The public security organs recently arrested three agents of the American secret service sent into Poland to conduct espionage activity. They are Ewald FIECH & Bruno KOZIALSKI, Jan KONIKIEWICZ, and Holmut STRYCZEK. They were all recruited by espionage centers of the American secret service in Frankfurt am/Main....

"In 1945 Holmut STRYCZEK escaped to Western Germany in search of adventure and an easy life. In Western Germany he met Jan HANEHL, a heater employed by the American secret service, who suggested that they cooperate. STRYCZEK agreed and was introduced to an American secret service agent known as DERNY.

"After completing his training and being supplied with false documents in the name of Ernest KALINOWSKI and Jakub KARB, accompanied by an American secret service agent known as Teodor HADEK, STRYCZEK was taken to West Berlin and from there arrived in Poland...."

2. Since there is no evidence of KUDARK contact, we suggest CIC be given referenced information and above probable identification. We will inform MID, OSI and A-2.
